

# *myOSLautomatic 4.0*

*Flexible system that grows with your needs*

myOSLautomatic 4.0 is an extension of our myOSLraser 4.0 and myOSLirradiator 4.0 allowing full automation of up to 50, 500, or 4000 dosimeters. State-of-the-art components, modern design and a user-friendly operating interface provide an excellent performance.

All myOSLAutomatic feeders are compatible with the myOSLraser 4.0 and myOSLirradiator 4.0 without any modifications allowing the system to expand and grow with the needs of your business.
